Fun and adventures in a sensory room.

Gather, listen, dear people,

Surprises await you in new rooms,

Color cubes, rays of light,

Endless miracle workers.

Balls, a computer projector mat and,

Sand that makes your fingers feel tingling,

Calm music, a rocking chair and,

Bubble water that makes bad thoughts disappear.

It's not just relaxation,

It's peace to enjoy

If you are tormented by uncertainty,

This sensory room is the place to be.
